

Vendor Questions with Answers

District:	Burlington-Edison School District
RFP/470 Number(s):	170075239
Initial Posting:	April 10, 2017
Update History:	April 11, 2017
Last Day for Questions:	April 21, 2017

IMPORTANT NOTE: The non-mandatory walkthrough has been rescheduled to April 12, 2017 at 9AM PST. Please RSVP to Eric Chambers at echambers@ncce.org for directions.

Q1. What the customer's service provider is?

R1. We decline to answer this question.

Q2. What is Burlington-Edison School District leasing?

R2. Please be specific.

Q3. What are the part numbers for what they are leasing?

R3. Please be specific

Q4. Are there any existing leases for other products?

R4. Yes.

Q5. What wattage they need for the UPS/Battery Backup?

R5. Please review the specifications APC 1500.

Q6. Where do they want to plug the battery back-up into?

R6. We're not sure we understand the question.

Q7. What is the connectivity requirements for the WAPs to the client? Meaning is just web browsing required or is connection going to be more strenuous like streaming video.

R7. We feel this is answered in Sections 3.1.1 and 3.1.2.1.

Q8. Has there been any designs or predictive surveys done already for WAP placement and can they be shared? We assume one was done to get to the 180 count number listed in the RFP.

R8. Per the Section 3.1.1 this is a 'refresh' of an existing wireless network. Thus the 180 count is derived from that.

Q9. What is meant by "Item 21 attachment", in Section 4 Part3g?

R9. The "Item 21 Attachment" is the Description of Services part of the Form 471.
