

E-Rate for School and Library Administrators

This informational session provides a “10,000 foot view” of the Federal E-Rate program. This session highlights the structure, history, funding, and the impact of the program on schools and libraries.

FOR SCHOOL AND LIBRARY ADMINISTRATORS

Time: 1 hour

This session is designed for school and library administrators who need a broad overview of the Federal E-Rate program. Focusing on general principals rather than specific skills, participants can expect to leave this session with a general understanding of the program and the tools needed to support a successful program in their district or library. Topics include:

- The “E-Rate cycle” and its impact on human resources
- Required program assurances
- Selecting, hiring, and working with a consultant

No prior E-Rate experience is necessary. An awareness of basic telecommunications and technology infrastructure is helpful but not required.
