Engage in a Virtual Microsoft Innovative Educator (MIE) Experience!

Overview

Come join us for a three-part series that will provide you with best practices for collaborating with your students, colleagues and even parents in Office 365. We will explore how to easily share files, co-author in real time, and more. You will have the opportunity to directly apply these skills with your content, subject area and educational situation and leave with a support network of resources and fellow MIE’s across the city and nation.
