### WEDNESDAY HALF DAY EVENTS

Leadership

#### Leading with Intention for Innovative, Sustainable Change | 8:00-11:50 am

Among other things, participants will learn to leverage the Future Ready Framework as a foundation for innovative change; take part in a variety of culture-building activities they can bring back to schools and district teams; understand the latest research and emerging practices that support digital learning innovation; explore and discuss the role of AI; and utilize a problem-solving protocol to collaboratively navigate current challenges.

Cybersecurity

#### IT/Cybersecurity | 1:00-4:50 pm

Learn to evaluate and assess CS measures within school systems to ensure privacy and safety within your institution. Includes: **ClassLink's** Certified Cybersecurity Rubric Evaluator (CCRE). As a CCRE, you will learn to evaluate and assess cybersecurity measures within school systems, ensuring the safety and privacy of educational institutions. This training equips you with valuable skills and knowledge to contribute to the enhancement of cybersecurity in public education.
